1.12 “Target Code” means resident software in the Microcontroller in Source Code format that runs on the Microcontroller to enable the µC/Probe-XMC features within Software; rights, title and interest in the "Target Code" are and remain with Micrium.

1.13 "You" means you as an individual.

2. LICENSE GRANT

2.1 For the term and subject to the terms and conditions of this Agreement, Licensor hereby grants Licensee the limited, non-exclusive, non-transferable, non-assignable, non-sublicensable, royalty-free right to

(i) use and reproduce the Software for the purpose of installing and/or running Software on PCs solely in conjunction with Microcontrollers;

(ii) use or reproduce the Target Code in order to create Object Code thereof solely in conjunction with the Software and use with Microcontrollers;

(iii) distribute the Target Code or Object Code for the sole purpose of installing and/or running Target Code or Object Code on Microcontrollers;

(ii) use and reproduce the Documentation as required in order to exercise the rights pursuant to this Section 2.1.

2.2 Unless stated otherwise in this Agreement, except for the limited rights granted in Section 2.1 Licensor or its third party licensors, if applicable, retain all right, title and interest in and to the Software, Target Code and the Documentation and all intellectual property rights contained therein. Except as expressly provided in this Agreement, Licensor does not grant to Licensee any express or implied rights under any Licensor or third party patents, copyrights, trademarks, trade secrets or other intellectual property rights. Licensee acknowledges that the license rights granted pursuant to this Agreement do not transfer to Licensee title or ownership in the Software, Target Code, or any copies thereof, but only a limited right of use. This license does not grant You any right to any enhancements or updates to the Software, nor any support services.

3. RESTRICTIONS

Unless otherwise permitted by this Agreement, Licensee shall not itself or through any third party:

(i) reproduce the Software, Target Code and/or the Documentation (including printouts thereof) unless otherwise permitted under this Agreement or by mandatory statutory law;

(ii) translate, disassemble, reverse engineer, modify and/or decompile the Software or engage in any other activities to obtain underlying information that is not visible to the user in connection with normal use of the Software unless and only to the extent otherwise permitted by mandatory statutory law;

(iii) remove any trademark, logos, copyright or other proprietary notices contained in the Software, the Target Code and/or the Documentation;

(iv) publicly display, publicly perform, publish or broadcast the Software, the Target Code and/or the Documentation without Licensor's prior written approval;

(v) sell, lease, license or sublicense the Software, the Target Code and/or the Documentation to any third party without Licensor’s prior written approval;

(vi) make available the Software, and/or the Documentation or assign or otherwise transfer any right in

the Software, the Target Code and/or the Documentation to third parties;

(vii) use the Software, the Target Code and/or the Documentation for the purposes of determining whether they are covered by any intellectual property rights (including without limitation patents and copyrights) of Licensee or any other third party;

(viii) directly or indirectly bring any suit before any court or administrative agency or otherwise assert any claim against Licensor and/or any of its subsidiaries, suppliers or customers due to their development, use, reproduction, manufacturing, marketing, sale, distribution, licensing, sublicensing or other disposal of the Software, Target Code (including Modifications thereof) and/or the Documentation based on infringement of any of Licensee's intellectual property rights (including without limitation patents and copyrights);

(ix) merge any portion of the Software into, or integrate any portion of the Software with, any other program, unless otherwise permitted by mandatory statutory law. Any portion of the Software merged into or integrated with another program, if any, will continue to be subject to the terms and conditions of this Agreement, and Licensee must reproduce on the merged or integrated portion all copyright and other proprietary rights notices included in the originals of the Software.

4. APPLICATION NOTICE

4.1 Licensor is not and cannot be aware of the specific application of the Microcontroller by Licensee. However, the Software, the Target Code and/or Microcontrollers may from time to time be used by Licensee's and/or Licensee's customers in potentially harmful and/or life-endangering applications such as traffic, logistic, medical, nuclear or military applications or in any other application where failure of the Software, the Target Code or the Microcontroller may predictably cause damage to persons' life or health or to property (hereinafter referred to as "Critical Application").

4.2 Licensee acknowledges that Licensor has not specifically designed or qualified the Software or the Target Code for Critical Applications that the Software or Target Code may contain errors and defects and that Licensee may be required to qualify the Software or the Target Code for Critical Applications pursuant to the applicable local quality, safety and legal requirements before permitting or giving access to any such use. Licensor specifically disclaims any express or implied warranty of fitness for Critical Applications.

5. WARRANTIES

5.1 Licensee acknowledges that the Software, the Target Code and/or Documentation are provided by Licensor free of charge. Accordingly, without prejudice to Section 6 and without limiting Licensor's warranty for fraudulent concealment of defects in the Software, the Target Code and/or Documentation, the Software, the Target Code and/or Documentation provided by Licensor under this Agreement is provided "AS IS" without any warranty or liability of any kind and Licensor hereby expressly disclaims any warranties or representations, whether express, implied, statutory or otherwise, including but not limited to warranties of workmanship, merchantability, fitness for a particular purpose, defects in the Software, the Target Code and/or the Documentation, or non-infringement of third parties' intellectual

property rights.

5.2 Licensee shall defend, indemnify and hold Licensor harmless from any and all claims, liabilities, and costs (including reasonable attorney's fees) based on the allegation that the use of Microcontrollers, the Target Code and/or the Software licensed hereunder caused personal or property damages if these damages are caused by the improper use of the Microcontrollers, the Target Code and/or the Software by Licensee.

6. LIABILITY

6.1 Nothing in this Agreement shall limit or exclude Licensor's liability under mandatory statutory liability laws, including those, if any, for injuries to life, body or health, for fraudulent concealment of defects in the Software, the Target Code and/or the Documentation, or in cases of Licensor's intentional misconduct.

6.2 Without prejudice to Section 6.1, Licensor's liability under this Agreement shall be excluded in all other cases.
WITHOUT PREJUDICE TO SECTION 6.1, IN NO EVENT WILL LICENSOR BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES OR FOR ANY LOST PROFITS, LOST SAVINGS, LOST REVENUES OR LOST DATA ARISING FROM OR RELATING TO THE SOFTWARE, TARGET CODE OR THIS AGREEMENT, EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

7. TERM AND TERMINATION

7.1 This Agreement will become effective upon Licensor's start to use the Software or the Target Code and shall remain in effect for an unlimited term.

7.2 This Agreement shall automatically terminate if Licensee is in breach of any provision of this Agreement.

7.3 Licensee may terminate this Agreement at any time by stopping use of the Software and the Target Code and deleting all copies of the Software and the Target Code in Licensee's control.

7.4 Licensor may terminate this Agreement (i) if a third party claims to have intellectual property rights in the Software and/or the Target Code, by giving 2 weeks written notice to Licensee or by informing the public thereof via suitable means; and/or (ii) if Licensee itself or through any third party directly or indirectly brings any suit before any court or administrative agency or otherwise asserts any claim against Licensor and/or any of its Affiliates, suppliers or customers due to their development, use, reproduction, manufacturing, marketing, sale, distribution, licensing, sublicensing or other disposal of the Software, the Target Code and/or the Documentation based on infringement of any of Licensee's intellectual property rights (including without limitation patents and copyrights), by giving 2 weeks written notice to Licensee.

7.5 Upon expiration or termination of this Agreement for any reason, the rights and licenses granted to Licensee under this Agreement shall immediately cease. Licensee shall immediately stop using the Software, destroy all copies of the Software, the Target Code and/or the Documentation which are in Licensee's control.

7.6 The provisions of Sections 3, 4, 5, 6, 7.6, 8, 9.4 and 9.5 shall survive any termination or expiration of this Agreement.

8. EXPORT REGULATIONS

8.1 Licensee shall comply with all applicable national and international laws and regulations, in particular the applicable export control regulations and sanction programs. Licensee also agrees not to export, re-export or transfer any products developed with or using products, information, software or technology delivered by Licensor, in violation of any applicable laws or regulations of the competent authorities.

8.2 Licensee shall implement effective measures to ensure compliance with the applicable anti-terrorism regulations as well as with the applicable official blacklists.

8.3 Further, Licensee shall neither (i) use any products, information, software and technology delivered by Licensor in or in connection with nuclear technology or weapons of mass destruction (nuclear, biological or chemical) and carriers thereof nor (ii) supply military, paramilitary, police, intelligence agencies or civil administrations of such institutions or other institutions acting on behalf of them, with products, information, software or technology which are subject to export licensing requirements.

9. GENERAL PROVISIONS

9.1 General Terms and Conditions of either party shall not apply to this Agreement.

9.2 Licensee shall not assign this Agreement or any rights or obligations hereunder, without the prior written consent of Licensor.

9.3 If any provision of this Agreement is considered void or unfeasible by a court of competent jurisdiction, the remaining provisions of this Agreement shall remain in full force and effect.

9.4 This Agreement shall be governed by Swiss law without reference to its conflicts of law provisions. The application of the United Nations Convention on Contracts for the International Sale of Goods of April 11, 1980, shall be excluded.

9.5 The exclusive place of jurisdiction is Zurich (City), Switzerland.

9.6 This Agreement may only be modified or amended in writing. This requirement of written form can only be waived by mutual written agreement.
